### **Brewster Ambulance Service Awarded Veteran's Administration Contract**

- **Region 1: Causeway, West Roxbury, Jamaica Plain**
- **Region 3: Brockton**

Boston, MA--(September 30, 2011) –Brewster Ambulance Service announced today that it has been awarded the contract to provide emergency and non-emergency transportation services for the Veteran's Administration. The scope of services will include two regions which include the V.A. Medical Centers of West Roxbury, Jamaica Plain, and Brockton, Massachusetts. The contract was awarded to Brewster Ambulance Service following a lengthy competitive bidding process.

Scheduled service is to begin October 27, 2011 with an initial four year contract term.

Mark Brewster, President and Chief Executive Officer, said, "Being awarded this contract demonstrates the continuing success of our family business, our dedicated team, and shows our desire to build our brand through the competitive bid process. We are very pleased to have The Veteran's Administration as a partner and we are thankful for the opportunity to provide superior medical transportation services to the men and women who deserve the best possible care."

George Brewster, Jr., Vice President and Chief Operating Officer, said, "the contracted regions will average more than 15,000 new transports a year and enable us to expand our operating footprint as we continue to expand our business model." We pride ourselves on having highly trained team members, compassionate care, and state of the art equipment. We look forward to providing excellence in medical transportation services to those who deserve it most."

Brewster Ambulance Service is a family owned and operated medical transportation industry leader and continues to provide exceptional, patient focused, superior medical care that communities rely on and trust.
